

2018 WHITE CONTINENT 50k, MARATHON AND 1/2 MARATHON

January 27 – February 4, 2018

The White Continent 50k, Marathon & 1/2 Marathon is limited to 30 Adventurers

January 27 – Our Adventure begins upon your arrival in Punta Arenas. Plan to arrive at any time today. Upon arrival you will need to take a taxi to the hotel, where you will have the remainder of the day to rest or explore Punta Arenas

January 28 – We may use this day to travel to Torres Del Paine. But it will depend on the weather report we receive on the 28th. If not, enjoy breakfast in the morning at the hotel. Then use the day to explore Punta Arenas or arrange your own excursion to see Magdalena or King Penguins.

January 29 – Enjoy breakfast in the morning at the hotel. Then in the afternoon, the other half of our group will join us --- The Triple 7 Quest. The Triple 7 Quest runners will be running either a half or full marathon that afternoon. You are free to join them if you wish. Then we will have a group dinner and pre-flight briefing in the evening.

January 30 to February 3 – This is our WCM Flight Window. During this time we will fly to Antarctica to run the WC 50k, Marathon & 1/2 Marathon. Upon landing, depending upon the time we land, we will either start the races after setting up the course, or we will make camp and run in the morning

There will be meals provided to us by the Logistics/Charter airline company.

If we fly out on the 30th, then we will attempt to return on January 31st. However, our return to South America is weather dependent.

Upon our return to South America, we will embark on a full day trip to Torres Del Paine National Park.

If time permits we will also provide you with a walking tour of Punta Arenas, led by one of our experienced guides. The day of these two tours will be finalized once our flights to Antarctica are completed.

For the nights we are at the hotel in Punta Arenas, breakfast will be included the following morning.

For our time on KGI, all meals will be provided by our logistics company.

The Punta Arenas Marathon – Because weather is our guide for Antarctica, we will run the Punta Arenas Marathon on a date/time that works well with the WCM and Torres.

Please note: Adventurers need remain extremely flexible as to how things proceed. We cannot guarantee we will fly on any particular day. We cannot guarantee that we will return on any particular day. So the above schedules are tentative until we get to South America and we start to get weather reports 36-24 hours from our departure.

February 4 – Today we begin our journey back home. You will want to arrange your flights out of Punta Arenas to ensure proper connection to either Buenos Aires or Santiago*.

B

***Please note we recommend flying through Santiago to avoid having to pay multiple visitor fees.**

Price: \$9,350 Single Occupancy, \$8,950 Double Occupancy

Please note that there is no Single Occupancy for camping. Everyone will be sleeping in 3 person polar tents. The Single or Double Occupancy option is just for the hotels in Punta Arenas.
